TASER reports \$32.2 Million Revenue and \$0.08 EPS

AXON and EVIDENCE.com bookings increase 47% sequentially to \$2.0 million

SCOTTSDALE, Ariz., July 31, 2013 — TASER International, Inc. (NASDAQ: TASR), today announced financial results for the second quarter of 2013 ended June 30, 2013.

Financial Summary:

- Net sales were \$32.2 million in the quarter, an increase of \$4.0 million, or 14.0%, compared to second quarter 2012 sales of \$28.2 million. Driving the increase in sales was the upgrade by numerous law enforcement agencies to the new TASER @X26P™ Smart Weapon. These upgrades, as well as restocking orders from distributors, also resulted in higher cartridge sales in comparison to the second quarter of 2012.
- Conducted Electrical Weapon (CEW) segment revenues grew \$3.3 million, or 12.4%, to \$30.3 million in the second quarter of 2013, compared to second quarter 2012 revenues of \$26.9 million.
- Video segment revenues increased by \$0.6 million year-over-year, or 47.4%, to \$1.9 million in the second quarter of 2013. Loss from operations in the Video segment increased from \$2.5 million in the second quarter of 2012 to \$2.7 million in the second quarter of 2013. Reduced cost of services delivered in the 2013 quarter, primarily due to the migration to third-party cloud storage, were more than offset by higher personnel and support to grow the Video segment in the current-year quarter, as compared to the second quarter of 2012.
- Gross margin in the second quarter of 2013 was 61.4%, compared to 58.5% in the same period last year. The improvement in gross margin in the second quarter of 2013 was primarily driven by the 14.0% increase in sales which resulted in leverage of overhead expense. Gross margin also continues to benefit from the Company's decision to utilize third party cloud services in its Video segment.

- Sales, general and administrative (SG&A) expenses of \$10.9 million in the second quarter of 2013 increased 30.2%, from \$8.4 million in the second quarter of 2012. As a percentage of revenue, SG&A was 34.0% in the second quarter 2013 compared to 29.8% in the prior year. Personnel expenses increased \$1.3 million year-over-year due to the Company's strategic effort to enhance its front-end, customer facing capabilities in roles such as account management and telesales, in addition to some incremental administrative functions. Expenses related to the defense of product and commercial litigation increased \$0.7 million compared to the second quarter of 2012. To support our initiatives internationally and in the video market, there were higher selling and marketing expenses of approximately \$0.4 million that contributed to the increase in SG&A.
- Research and development (R&D) expenses of \$2.0 million for the second quarter of 2013 are consistent with the prior-year and previous quarters.
- Income from operations increased \$0.8 million, or 12.4%, to \$6.8 million in the second quarter of 2013 compared to the second quarter of 2012.
- Adjusted EBITDA was \$9.5 million for the second quarter of 2013, an increase from Adjusted EBITDA of \$8.5 million in the second quarter of 2012. The increase is due to increased sales and margins.
- Net income for the second quarter of 2013 was \$4.5 million, or \$0.09 per basic share and \$0.08 per diluted share.
- In the second quarter of 2013, the Company generated \$7.7 million in cash from operating activities. Cash, cash equivalents and investments were \$31.7 million at the end of the second quarter of 2013, down from \$37.8 million at December 31, 2012. The Company completed \$19.6 million of stock repurchases during the quarter, and received \$3.7 million in cash related to the exercise of stock options.
- The Company has no debt, other than a capital lease, recorded on its balance sheet.

"Our second quarter represents TASER's highest revenue in the past two and a half years, and the second highest quarterly revenue in TASER's history," said Rick Smith, CEO of TASER International, Inc. "The new X26P Smart Weapon continues to be well received by our customers, accounting for 28.6% of law enforcement CEW unit sales in its first full quarter of availability. We see this, coupled with the increasing number of customers upgrading their aging weapons fleet, as evidence of the strength of the CEW platform that we have built over the last two years. We expect to continue to see growth across our new SMART CEW products going forward as we've still only upgraded a small fraction of the legacy product at this stage."

"Sales bookings for the AXON FlexTM on-officer cameras and the EVIDENCE.com service more than tripled during the second quarter of 2013 compared to the same quarter in the prior year and grew by over 47% compared to the first quarter of 2013. We continue to work towards expanding our customer base in the Video segment. Given the product's growing momentum, we will continue to prudently invest in the business to strengthen our sales force and infrastructure to execute our strategy and drive profitable growth and value for our stakeholders," concluded Smith.

Other Significant Events:

- The Company announced a number of significant orders for its Smart Weapons, the new TASER X26P and the TASER X2 that occurred during the second quarter, including:
 - Charles County Sheriff's Office (MD) purchased 166 X2s
 - Columbus Police Department (OH) purchased 62 X26Ps and 8 X2s

 - Toledo Police Department (OH) purchased 100 X2s
 - Washington State Patrol (WA) purchased 218 X26Ps
 - West Palm Beach Police (FL) purchased 150 X2s
- The Company continued to see new agencies adopt the new AXON Flex on-officer camera and EVIDENCE.com management service during the second quarter. AXON Flex and EVIDENCE.com deployments included significant orders from:
 - Chesapeake Police Department
 - Oglala Sioux Tribe Department of Public Safety
 - LaPlata County Sheriff's Office
 - Truckee Police Department
- The Company also announced plans to take questions relating to the second quarter results via social media. For the first time, TASER management will entertain questions during the call asked via Twitter, in addition to questions from those logged into the webcast. Individuals may submit questions via Twitter using hashtag #TASER_Earnings to the @TASER_IR handle. TASER management regrets that due to time considerations, not all questions may be answered during the call.

Non-GAAP Measures

To supplement the Company's financial results presented in accordance with GAAP, we are presenting the non-GAAP financial measures of EBITDA and Adjusted EBITDA. Our management uses these non-GAAP financial measures in evaluating the Company's performance in comparison to prior periods and as a measure of liquidity. We believe that both management and investors benefit from referring to these non-GAAP financial measures in assessing our performance and when planning and forecasting our future periods. A reconciliation of GAAP to the non-GAAP financial measures is presented at the end of the release.

EBITDA is defined as consolidated net income (loss) before interest expense, income taxes and depreciation and amortization. Adjusted EBITDA as presented herein is defined as EBITDA before certain other items, including: stock-based compensation; loss on write-down/disposal of property, equipment and intangibles, net; provision for obsolete and excess inventory; litigation judgment (reversal) expense; loss on impairment; and interest income and other (income) expense.

Caution on Use of Non-GAAP Measures

These non-GAAP financial measures are not consistent with GAAP, and management believes investors will benefit by referring to these non-GAAP financial measures when assessing the Company's operating results, as well as when forecasting and analyzing future periods. However, management recognizes that:

- these non-GAAP financial measures are limited in their usefulness and should be considered only as a supplement to the Company's GAAP financial measures;
- these non-GAAP financial measures should not be considered in isolation from, or as a substitute for, the Company's GAAP financial measures;
- these non-GAAP financial measures should not be considered to be superior to the Company's GAAP financial measures; and
- these non-GAAP financial measures were not prepared in accordance with GAAP and investors should not assume that the non-GAAP financial measures presented in this earnings release were prepared under a comprehensive set of rules or principles.

Further, these non-GAAP financial measures may be unique to the Company, as they may be different from non-GAAP financial measures used by other companies. As such, this presentation of non-GAAP financial measures may not enhance the comparability of the Company's results to the results of other companies.

A reconciliation of each non-GAAP financial measure to the most directly comparable GAAP financial measure or measures appears within this press release.
