TASER® International, Inc. Declares 2-For-1 Stock Split

SCOTTSDALE, AZ, November 4, 2004 — TASER International, Inc. (NASDAQ: TASR), a market leader in advanced less-lethal devices, announced today that the Company has declared a 2-for-1 stock split effective in the form of a 100 percent stock dividend payable on or about November 29, 2004, to shareholders of record on November 15, 2004.

Under the terms of this stock split, TASER International's stockholders will receive a dividend of one share of common stock for every one share of common stock held on that record date. In order to receive the stock dividend, a stockholder of record on the record date must continue to hold TASER stock through the dividend payment date. The dividend will be paid in authorized but unissued shares of common stock of the Company. The Company anticipates that the issued and outstanding shares of common stock after the split will be increased from approximately 29,648,194 shares to 59,296,388 shares.

"The Board of Directors has declared this 2-for-1 stock split to reduce the stock's price per share and increase its market liquidity for the purpose of enhancing the securities' appeal to both private and institutional investors," said Rick Smith, CEO of TASER International, Inc.
